PROFESSIONAL SUMMARY

I'm a seasoned React JS Developer with 3+ years of experience crafting high-performance user interfaces. I've translated 50+ designs into high-quality code, contributing to 5+ front-end applications. I've optimized code, achieving a 20% load time reduction, leading to a 15% increase in user retention. I hold professional development certifications in ReactJS and remain committed to delivering excellence in frontend development.

WORK HISTORY

Capgemini Technology Services India Ltd.

05/2021 – 03/2023

[Associate Consultant.](#)

- Developed and maintained responsive web applications using **React** and **Node.js** for a multi-national company.
- Applied expertise in **HTML5**, **CSS3**, **Tailwind** and **JavaScript** to create visually appealing and interactive user interfaces.
- Optimize the performance of the React application by efficiently handling **API** responses and minimizing unnecessary re-renders.
- Implemented **Adobe Analytics** to track user interactions and behaviour in React applications.
- Created comprehensive technical documentation for React components and features.
- Familiarity with **data visualization** concepts and techniques, employing charting and graphing libraries like **D3.js** to represent complex data sets.

Kuncham Software Solutions.

12/2019 – 04/2021

[Associate Software Engineer.](#)

- Applied in-depth knowledge of **HTML5**, **CSS3**, **Bootstrap** and **JavaScript** to craft engaging and responsive web applications, meeting project requirements.
- Led front-end development efforts in building and enhancing the user interface of a high-impact project for a multi-national company, utilizing **Node.js** and **React**.
- Implemented and maintained version control systems with **Git**, ensuring code integrity and efficient collaboration among team members.
- Collaborated with **User experience** designers to translate design wireframes into interactive and visually appealing React components.
- Authored user manuals for end-users, providing step-by-step guides on navigating and using React-based interfaces.
- Successfully integrated **Redux** with React components to ensure a seamless and efficient data flow between different parts of the application.

EDUCATION

Gayatri Vidhya Parishad College of Engineering

India

[B.Tech: Computer Science Engineering](#)

06/2015 - 04/2019

TECH STACK

Technical Skills: Proficient in React, HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, and other relevant front-end technologies.

Design Collaboration: Experience in translating Figma designs into functional and visually appealing user interfaces.

Problem-Solving: Capable of troubleshooting and resolving issues in web applications.

Coding Tools: GitHub, Visual Studio Code.

Operating System: Windows, Mac

KEY ACCOMPLISHMENTS

- Developed and maintained a large-scale React JS application used by millions of users.
- Reduced frontend loading times by 20% by optimizing React components.
- Successfully implemented a new authentication system using JSON Web Tokens.
- Worked closely with the UX/UI team to create a user-friendly and visually appealing interface.
- Consistently received positive feedback from clients and managers on the quality of work and ability to meet deadlines.

PERSONAL SKILLS

- Excellent communication skills, including good command in English language (oral and written).
- Able to keep attention in detail and deadlines in a high-volume environment.
- Motivative and creative.
- Good in working with a team professionally.
- Good in telephone manner.
